

## 2025-2026 Dependent Student Appeal Form

In unusual circumstances, a student who does not meet any of the criteria on the FAFSA to be considered independent from their parents may still be considered independent based on the financial aid administrator's professional judgment. You may use this form to request a review of extenuating circumstances regarding dependent status. It is important that you complete all portions of this appeal form and must provide all requested documentation. A 2025-2026 FAFSA must be on file in order to be considered for a dependent student appeal. Dependent aged students are those born on or after January 1, 2002, for the current academic year.

**The following examples alone will not make a student independent but combined with other factors may:**

- Parents refuse to contribute to the student's education
- Parents are unwilling to provide information for the FAFSA or for verification purposes
- Parents do not claim the student as a dependent for income tax purposes
- Student demonstrates total self-sufficiency

**Circumstances that may warrant a dependency override appeal may include but are not limited to:**

- Abandonment or estrangement by parents or inability to locate parents
- Physical or emotional abuse by parents
- Victim of human trafficking
- Parental incarceration and contact with parent would pose a risk to the student
- Parental hospitalization for extended time or mental incapacitation
- Have refugee or asylee status and are separated from their parents, or their parents are displaced in a foreign country
